INTERNATIONAL RAIL CONFERENCE 2023

IRC 2023 - Coinciding with Indian Railway Equipment Exhibition (IREE), the International Rail Conference (IRC) is organised to enhance the efforts of Government of India in making a world-class Railways System in the country. The conference will facilitate high-level discussions on emerging scope and opportunities of partnership in modernisation and expansion of Indian Railway.

IRC 2023 will have featured discussions around new and emerging technologies, domestic manufacturing ecosystem to promote Make in India-Make for the World, Rail Infrastructure development and financing programme, Dedicated freight and the high speed corridors and opportunities available with modern technologies through focussed sessions. These will open up new avenues of learning about the latest and emerging technologies available as Railways is continuously enhancing passenger experience, using technology and bringing stakeholders into collaborative partnerships, thus changing the face of the Railways.

- Opening new avenues for learning about the modern technologies

- Bringing exhibitors and delegates from across the globe

- Focus on Continuous modernisation and expansion of Indian Railways

- Understand the outlook and vision of Policy Makers

- Alignment with global business environment and trends shaping the industry

- New Opportunities forging business linkages and partnerships

- A networking Platform to connect with senior officials from railway board apart from domestic players, stakeholders and institutions
